The Diversity Equity and Inclusion Committee is hosting a discussion on

Unconscious Bias A/K/A Implicit Bias

Topic Expert

**Lt. Glen Mills
Burlington Police Department**

The presentation will be about Unconscious Bias, also known as Implicit Bias. Implicit Bias is a bias or prejudice that is present but not consciously held or recognized. All people have biases and some of these subconscious biases can go against what we consciously believe in. These implicit biases can influence our decision making and can lead to assumptions that are inaccurate or unfair, or to make decisions that are wrong. This presentation will include an explanation of what implicit bias is, what research on the topic suggests, identifying one's own biases and strategies to avoid bias-based decision making.
